

POKER DOJO

Privacy Policy

Last updated: May 26, 2026 · pokerdojo.app

1. Introduction

Poker Dojo, developed by Ethan Cooper (“we,” “us,” or “our”), is a GTO poker training application. This Privacy Policy explains what information we collect when you use the App, how we use it, and the rights you have over your data. By using Poker Dojo, you agree to the practices described in this document.

If you do not agree with this policy, please do not use the App.

2. Information We Collect

2.1 — Information You Provide

Google Account Data (optional): If you choose to sign in with Google, we receive your name, email address, and profile photo via Google’s OAuth sign-in flow. Sign-in is entirely optional — the core training features are available without an account.

2.2 — Information We Collect Automatically

- **Training Statistics:** Your answers to training questions (correct/incorrect), drill type selected, position data, accuracy percentages, streak counts, and skill rating history. Stored locally on your device and, if you sign in, synced to our cloud database.
- **Subscription Status:** Whether you hold an active premium subscription. Stored locally on your device only.
- **App Preferences:** Your haptic feedback setting. Stored locally on your device only.
- **Notification Tokens:** A device token used to schedule local notifications (daily practice reminders, stamina refill alerts). Notifications are generated and delivered entirely on-device using your operating system’s local notification system. No notification data is transmitted to or processed by any third-party service.
- **Stamina State:** How many free training hands remain and when they were depleted. Stored locally on your device only.

2.3 — Information We Do Not Collect

We do not collect:

- Real names, postal addresses, or phone numbers
- Payment card numbers or banking information (purchases are processed entirely by Apple)
- Location data or GPS coordinates
- Browsing history or cross-app tracking data
- Any personal information from users under the age of 13

3. How We Use Your Information

We use the information we collect to:

- **Provide and improve the App:** Deliver training scenarios, track your progress, and personalise your experience.
- **Sync your progress:** If you sign in, back up your training stats so they persist across devices.

- **Send local notifications:** Remind you to practice daily and alert you when your stamina refills.
- **Process subscriptions:** Verify your subscription status to unlock premium features (payment is handled by Apple).
- **Display advertisements (free tier only):** If and when advertising is enabled, show ads to support the free version of the App. We will update this policy and notify you before advertising is integrated.

We do not:

- Sell your personal information to any third party
- Use your data for behavioural advertising profiling
- Use your data for any purpose unrelated to delivering the poker training service

4. Third-Party Services

Poker Dojo uses the following third-party services. Each operates under its own privacy policy.

Service	Purpose	Privacy Policy
Google Firebase / Firestore	User authentication & cloud stats storage (signed-in users)	firebase.google.com/support/privacy
Google OAuth	Sign-In with Google	policies.google.com/privacy
Apple App Store / StoreKit	Subscription purchase & receipt validation	apple.com/legal/privacy
Ad Network (free tier)	If and when advertising is integrated, interstitial ads for non-subscribers	To be disclosed. This policy will be updated with the network prior to integration

We do not share your personal data with any party beyond those listed above, and only to the extent necessary to provide the service.

5. Data Storage and Security

- **Local data** (preferences, stamina, streak, skill rating): Stored exclusively on your device using your operating system's standard secure app storage. We cannot access this data remotely.
- **Cloud data** (training statistics): If you sign in, your stats are stored in Google Firebase Firestore under your unique Firebase user ID, protected by security rules that allow only your authenticated account to access your data. All data is encrypted in transit (TLS) and at rest.

We retain your cloud data for as long as your account exists. Following a verified deletion request, your cloud data will be permanently deleted within 30 days. We will notify you of any breach affecting your personal data as required by applicable law.

6. Children's Privacy

Poker Dojo is not directed at children under the age of 13. We do not knowingly collect personal information from anyone under 13. If you are a parent or guardian and believe your child has provided us with personal information, please contact us immediately at privacy@pokerdojo.app and we will delete the data promptly.

7. Your Rights and Choices

All Users

- **Access:** Request a copy of the data we hold about you.

- **Deletion:** Request deletion of your account and cloud data by contacting us (data will be permanently deleted within 30 days), or clear local data via Settings → Reset All Stats.
- **Notifications:** Disable at any time via device Settings → Notifications → Poker Dojo.
- **Sign out:** Disconnect your Google account via Settings → Account → Sign Out.

EU / EEA Users (GDPR)

You additionally have the right to data portability, restriction of processing, correction of inaccurate data, and to lodge a complaint with your local data protection authority. Our legal basis for processing signed-in users' data is the performance of a service contract. We act as the data controller for your personal data. Google Firebase acts as a data processor on our behalf.

California Residents (CCPA)

We do not sell your personal information. You have the right to know what information we collect, to request its deletion, and to non-discrimination for exercising your rights. Contact us at the address in Section 9 to exercise these rights.

Other US State Residents (Virginia CDPA, Colorado CPA, Connecticut CTDPA, Texas TDPSA, and similar)

Residents of states with comprehensive privacy laws have the right to access, correct, delete, and obtain a portable copy of the personal data we hold about you, and to opt out of any sale or sharing of your personal data. We do not sell or share your personal data. To exercise these rights, contact us at the address in Section 9.

Do Not Track

Our App does not respond to "Do Not Track" signals from browsers or devices, as no industry-wide standard for such signals currently exists.

8. Advertising (Free Tier)

Poker Dojo does not currently display advertisements. If and when a free-tier advertising feature is introduced, this section will be updated prior to launch with the identity of the ad network, a link to its privacy policy, and information about what device identifiers (if any) may be collected for ad delivery and measurement purposes. We will notify existing users of any material update to this policy before advertising is enabled.

Premium subscribers will not see any advertisements.

9. Changes to This Policy

We may update this Privacy Policy from time to time. When we do, we will update the "Last updated" date at the top of this document. For material changes, we will notify you through the App or by email (if you are signed in). Your continued use of the App after changes are posted constitutes your acceptance of the updated policy.

10. Contact Us

For questions about this Privacy Policy or to exercise your data rights:

- **Email:** privacy@pokerdojo.app
- **Website:** pokerdojo.app
